

CULTIVATOR

DOUBLE SPRING LOADED SERIES

BENEFITS AND ADVANTAGES

- Efficient quick dumping lever with swinging rear gate helps in easy & effortless dumping
- The robust built of machine helps in easy collection of firewood, logs, hay & clearing debris
- The strong cutting steel base helps in easy penetration into soil

CULTIVATOR DOUBLE SPRING LOADED SERIES

The Double spring loaded series is the best choice for working in soils embedded with stones & stumps. The independent working of each tine with high quality springs allows the movement of the tine in case of any obstacle leaving other tines operating at the same depth. The prominent & authentic features loosens & aerates the soil to the adequate depth with maximum efficiency.
