

HAY RAKE

SALIENT FEATURES

- Durable spring tines made of grade 3 material
- Cam driven maintenance free gearbox
- Rugged design
- Safety guard

HAY RAKE

The robust, simple & economic design of Sonalika Hay rake helps in making ideal, soft & contamination free windrows. The stone less, contamination free swath helps in making compact bales free of foreign material. The arms can be removed easily which helps in easy maneuverability & transportation. The efficient material collecting guard helps in making perfect windrows. Moreover the gearbox is completely dust free & requires least maintenance.
