

# DISC PLOUGH

MODERN SERIES

## SALIENT FEATURES

- Robust three point linkage
- Sturdy bar type frame
- Tapered roller bearing
- Bar type scraper
- Floating furrow wheel

# DISC PLOUGH MODERN SERIES

The durable Sonalika modern series demonstrates the best in class cutting of soil with its boron steel discs & sturdy design. The taper roller bearings on furrow wheel & discs increases the life of the machine. The flat steel frame construction, floating furrow wheel to cater side draft along with adjustable disc & tilt angles are some of the prominent features of the machine.
