

# ROYAL MODEL MULTICROP THRESHER

## SALIENT FEATURES

- Efficient design helps to work at higher loads with minimum fuel requirement
- Availability of double speed option helps in rotating drum at less RPM to get output with minimal breakage and fan RPM can be increased or decreased for cleaning as per requirement
- Side positioning of elevator helps in easy lifting of material into trolley

# ROYAL MODEL MULTICROP THRESHER

Sonalika Royal Model Multicrop Thresher helps in threshing Soyabean, Millets, Wheat, Musturd, Black Gram & Paddy Crops It is well suited for both dry & wet applications. The conveyor type feeding system ensures automatic feeding into the thresher with requirement of less manpower. There is availability of 5 blowers for ideal cleaning of crop. The simple Drum grill & sieve adjustment according to the type of crop makes Sonalika Royal Model Thresher distinct from others.
